CLALLAM TRANSIT SYSTEM (CTS)
WASTE OIL HEATER - CTS RFP 14-05

Clallam Transit System is seeking proposals for the following:

350,000 BTU Waste Oil Burner/Heater capable of burning used crankcase oils, ATF, No. 2 fuel oil, up to 90 weight gear oil and diesel fuel.

Self contained unit mounts to existing pallet rack, existing 8 inch flue, existing waste oil tank, existing power supply.

Unit must be EPA approved and UL-listed.

PROPOSALS MUST INCLUDE AT A MINIMUM:

All costs to deliver, install and operate as intended at CTS's Maintenance Building, 4100 Tumwater Tr. Rt., Port Angeles, WA 98363. *Electrical connection can be the responsibility of CTS – please specify. CTS will provide forklift service for placement.*

Submit all specifications, complete warranty information and brochures depicting unit.

Specify "price good through date," and include order, delivery and installation complete date.

Submit detailed service cost including travel and response time for future service and warranty work. Include nearest service location.

Proposals are due by 3:00 p.m., December 30, 2014. Proposals must be sealed and clearly labeled "**Waste Oil Heater Proposal CTS 14-05**" and delivered or mailed to CTS at 830 W. Lauridsen Blvd., Port Angeles, WA 98363.

Questions regarding this procurement shall be directed to Kevin Gallacci, Maintenance Manager, (360) 417-1359 direct or by email: keving@clallamtransit.com.

CTS reserves the right to modify, delay or delegate the intended procurement. CTS may also reject any or all offers, waive irregularities, or award a contract in whole or in part if deemed to be in its best interest.

CTS RFP 14-03 is closed and invalid due to an error in the due date. CTS RFP 14-05 replaces CTS RFP 14-03.
